On-Campus Recruitment

5145.14

Page 1 of 1

Subject to the provisions of Connecticut General Statutes, district high schools shall provide the same directory information and on-campus recruiting opportunities to representatives of the armed forces of the United States of America and state armed services as offered to nonmilitary recruiters, recruiters for commercial concerns, and recruiters representing institutions of higher education.

Military recruiters or institutions of higher learning shall have access to secondary school student names, addresses, and telephone listings unless the parent or legal guardian of the student or by the student who has attained status as an eligible student requests that such information not be released without prior written parental consent. (An eligible student is a student or former student who has reached eighteen years of age or who is attending an institution of post-secondary education or is an emancipated minor.)

School administrators may determine when recruitment meetings are conducted and may deny such meetings when they would materially and substantially interfere with proper and orderly school operation. Visitations for the purpose of recruiting for or informing about local community, civic, and youth organizations are subject to the approval of the building principal and shall be conducted only during non instructional time, in compliance with Board of Education policies.

Except where required by applicable federal or state law, directory information or class list of student names and/or addresses shall not be distributed without the knowledge of the parent or legal guardian of the student or of the student who has attained majority status.

Distribution of directory information will be subject to the approval of the Superintendent of Schools.

Any person or organization aggrieved under this policy may request board of education review by filing a written request with the superintendent of schools.
