Program Summary	E.nopi has been tutoring students since 1975. During the previous school year in New Jersey, students had an average improvement rate of 40.02%. Students attend tutoring sessions twice a week for one hour per session. Each student has an individual program created for them based on the results on the initial diagnostic test. Students are tutored in small group settings (3-5 students for every tutor) and goals are set based off of their diagnostic test results. All students are tutored using the E.nopi Math and E.nopi English self-developed curriculum which is aligned with both the National Council of Teachers of Mathematics (NCTM) and National Council of Teachers of English (NCTE). E.nopi has been approved as an SES provider in Connecticut since 2009.

Program Summary	<p>Futures, Inc is a private non-profit agency that is based in Middletown, CT with a site in New London and a state approved private special education school in Hartford. Futures has been working with students across Connecticut for over 20 years. Recently, Futures SES program received a 96% rating from the Connecticut Department of Education.</p> <p>Futures has expertise in working with students with special needs and a high graduation rate among students enrolled in the day school program. With SES, Futures is approved to work with students in grades K-12, including ELL and special Education, within the home, community settings or at sites in New London and Hartford. Transportation is provided as needed.</p> <p>Each student is assessed in reading, writing, and mathematics. Teachers, parents, and district personnel then develop an individualized student plan that addresses the gaps in learning. Tutoring instruction begins with direct instruction from trained tutors either on a 1 to 1 or 2 to 1 basis. Student progress is monitored and reported on a regular basis. Tutors use a variety of approved curriculum that align with Connecticut's learning standards.</p>

Program Summary	One on One Learning has 6 years of experience tutoring students in four states and one year in Connecticut. Major program elements are the use of research based learning strategies, individual or small group instruction and high interest materials to improve academic achievement on state standards. After an initial pre-assessment, an individualized learning plan is developed for each student that identifies academic strengths and weaknesses as well as learning styles. Tutoring is provided Monday-Sunday, 2-3 times per week for 1-2 hours per session, in school, in home or community centers. Program tutors utilize a variety of multisensory teaching methods incorporating visual, auditory, kinesthetic and tactile learning strategies to meet the diverse needs of all students. Additionally, tutors provide multiple opportunities for learning, teach memory strategies and apply concepts in a meaningful way to move information from short-term to long term memory.

Program Summary	Professional Tutors of America has been the leading provider of one to one tutoring across the US for over 25 years. Our highly qualified teachers and tutors go to the home of the student and our tutors always work on a one to one basis with the student. The parent and tutor determine the tutoring schedule and the typical schedule is 1 to 3 hours per week. Our tutors are available after school, evenings and weekends. We serve students in all grade levels and in all subjects. Our adaptive assessment tool identifies each student's unique needs and our tutoring program focuses on mastering the necessary skills. For maximum results and increased student motivation and self-confidence, Professional Tutors of America is your number one provider.

Program Summary	Rocket Learning has more than 100 years of combined experience in successfully providing instructional services to students. Our students have consistently achieved percent gains of over 20% from pre-test to post-test in language arts and over 30% in math. Our instructional delivery mode revolves around small group tutoring. Groups are formed according to students’ skill levels and needs based on our criterion referenced assessments. Students are provided with nutritious snacks as well as reading and workbooks to build their personal libraries at home at no cost. Programs operate on weekdays, weekends and during the summer. Our instructional services are primarily provided at local school buildings. Depending on enrollment levels, we may offer services in a nearby facility to accommodate students.

Program Summary	Smarties Tutoring Services has tutored over 2500 students in Math and Language Arts using a state-of-the-art curriculum that includes a traditional paper and pencil curriculum and access to an individualized and dynamic online curriculum. We have provided SES in Connecticut for 3 years. Four out of five of our students improve their test scores by at least 10% and more than half increase by 25% or more. Our programs meet 2-4 days per week for 1.5-2 hours. Our classes are taught in small groups by experienced teachers who are enthusiastic about helping children improve their math and literacy skills. Our programs make every effort to challenge and motivate students to maximize their potential. Smarties recognizes that each child is unique, and we strive to meet the specific needs of each of our students. We foster success by expecting rigorous work, while supporting students as they strive to meet our expectations.

Program Summary	Sylvan Learning is the leading provider of supplemental education services to students of all ages and skill levels. Sylvan Learning has a 30 year track record of success at over 900 centers in North America. We have been providing SES services to Connecticut students for 3 years. Tutoring instruction is available in math and reading. We employ a diagnostic approach to identifying each student's needs and a systematic, motivational approach to ensuring individual student success. Each student's goals are established in partnership with parents and school officials. Regular communication is provided and available 6 days per week from our team of professional educators. Convenient and flexible scheduling of tutoring sessions is also available 6 days per week. A typical tutoring schedule is 2 days per week, 2 hours at a time.
